Use-Case Name: 5.0 Generate Report

Description: The librarian generates a report. This is done after the student times out. This report

contains the amount the student owes along with the amount of time used. The librarian double-checks the contents of the report to ensure that its contents are

accurate.

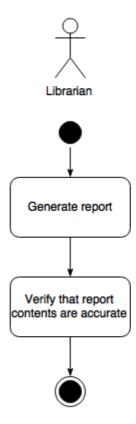

Preconditions: The student whose report is to be generated already has at least one recorded time-

### Flow of Events:

Scenario Name	Description
Scenario 1 (Basic Flow)	1. The librarian generates the report.
The librarian generates a report.	2. The librarian verifies that the contents of the report are accurate.
